

COUNT YOURSELF IN ON MARCH 11 & 12, 2014

The **2014 Metro Vancouver Homeless Count** will take place throughout the region March 11 - March 12, 2014. It will start in shelters on the evening of Tuesday, March 11 and continue on the streets on Wednesday, March 12.

Homeless counts have taken place in Metro Vancouver every three years since 2002 and every year in Vancouver since 2010. The 2014 Count will follow the same approach as in previous years and will involve an **anonymous** survey with people who use homelessness services and facilities.

PURPOSE

The Homeless Count provides critical information on the number and characteristics of people who experience homelessness in our region. It is also used to identify trends. Service providers, planners, community groups, health authorities, municipalities and funders use information from the Count to help make decisions about programs and services to address homelessness.

HOW CAN YOU HELP?

Please participate in the anonymous survey to 'count yourself in'.
